SUMMARY

BCA graduating(2year) from Amity University with a passion for data science and analysis. Leveraging my experience as a Data Analyst at HCLTech, I am on a dedicated learning path in data science, aiming to apply my skills and knowledge to solve real-world problems. Proficient in machine learning, natural language processing (NLP), and deep learning with computer vision. Committed to continuous growth and seeking opportunities to contribute meaningfully in the field of data science.

EXPERIENCE

Analyst (September 2023-Present) 09/2023

HCLTech Noida Sector 125

Company Description

- In my new role as an Analyst, I am excited to take on increased responsibilities and contribute to the company's continued success. I will be involved in more complex projects, utilizing the skills and knowledge I have acquired during my internship and through continuous learning. This promotion not only signifies personal achievement but also showcases HCL Technologies' commitment to nurturing talent and providing a platform for career progression.

Trainee 01/2023 - 09/2023

HCLTech Noida Sector 126

Company Description

- After successfully completing the HCL Tech scholarship, I secured a position as an intern. In this internship, I worked directly with Hindustan Computer Limited (HCLTech), a renowned investment company. Embracing this opportunity, I actively contributed my skills and knowledge to support HCL's projects and operations. The experience has been rewarding as I continue to grow both professionally and personally, honing my expertise while making a meaningful impact within the dynamic world of technology and finance.
